

Kurt Hoppe Division Manager, Tenant Improvements

As Division Manager Kurt Hoppe is responsible for planning, organizing, managing, and controlling the company's tenant improvement activities and department. Kurt works in concert with the client and the project team to successfully complete each assignment.

Kurt's 25-year construction career began with a start as a masonry laborer from which he advanced into Tenant Improvement Project Supervisor, a Project Manager, and his current position as the Manager of Tenant Improvements at Welsh Construction. Kurt's experience includes projects from coast to coast, ranging from \$5,000 to \$4 million and includes renovations, build-to-suits, design builds, and design bid build projects. Drawing on his keen insights and vast experience on all levels of projects, Kurt combines practical know-how with tremendous commitment and dedication to produce successful, beneficial results for our clients. Kurt's team approach is very successful in achieving his clients' goals and objectives which leads to satisfied clients and repeat business.

Through continuous and clear communication, Kurt ascertains and embraces the vision of his clients. He and his team apply their wealth of experience, dedication, and commitment to deliver comprehensive, competitive construction services on-time and on-budget.
