

Michael Milless Project Superintendent

Mike Milless has 27 years of experience in the construction industry. He specializes in large, existing tenant improvement remodeling and new leasehold projects. Mike's primary responsibilities are to coordinate and maintain all field-related activities for the construction project including manpower, tools and equipment, project schedule, jobsite safety, and subcontractor work. On a daily basis, Mike must also act as liaison between Welsh Construction and the tenant.

Mike joined Welsh Construction in 1988 as a carpenter. In 1989 he was promoted to Project Superintendent. Before joining Welsh, Mike worked for both Reimer Construction and Reichert Construction as a carpenter. Mike's hands on experience in the field give him an informed, unique perspective overseeing projects, helping him to anticipate challenges and effectively overcome problems.
