

## Curt Sell Project Superintendent

Curt has been with Welsh Construction since 1992. His primary responsibilities include coordinating and maintaining all field related activities for the construction projects that are assigned to him including manpower, project schedule, coordination of work to be done, site safety, and overseeing that the project is completed to specification.

Curt first signed on with Welsh Construction as a Carpenter. Then in 1996 he was promoted to Project Superintendent. Before joining Welsh, Curt served as a Carpenter in the City of St. Paul Public Schools' Maintenance Shop and as a Shop Foreman/Carpenter for Wooden Rainbow, Inc.
