

Keith Wyman Project Superintendent

Keith Wyman has 28 years of experience in the construction industry. He specializes in large existing tenant improvement remodeling and new leasehold projects. Keith's primary responsibilities are to coordinate and maintain all field-related activities for construction projects including manpower, tools and equipment, project schedule, jobsite safety, and subcontractor work. On a daily basis, Keith acts as liaison between Welsh Construction and our tenant clients.

Keith joined Welsh Construction in 1987 as a Journeyman Carpenter. In 1998 he was promoted to his current position of Project Superintendent. Prior to his arrival at Welsh, Keith worked as a Journeyman Carpenter for both Oakridge Builders, Inc. and Wyman Builders.
