

Curve Crest Professional Building

2850 Curve Crest Boulevard
Stillwater, Minnesota

A modern interpretation of Prairie School design, Curve Crest incorporates modern design technology with proven, human scaled materials in a gracious campus-like environment. The building revolves around its welcoming port-cochère and settles serenely in the lushly landscaped site. Glazed brick accents, painted metalwork and decorative fixtures thoughtfully accent the exterior, while custom tile, millwork, and granite countertops integrate common spaces.
