

Second Act

5624 Lincoln Drive
Edina, Minnesota

The bold and creative office space for Second Act reflects the company's innovative approach to selling refurbished big name electronics. An exposed structural ceiling, unique light fixtures, and a sleek glass wall and conference room entry contribute to the high tech, industrial feel of the office while striking colors on the walls and ceiling set the space apart.

Services Performed:

Space Planning
Construction Drawings
Interior Finish Selection

Project Features:

Exposed Structural Ceiling
Glass Wall and Door Around Conference Room
Striking Colors on Wall and Ceiling
Unique Industrial Light Fixtures
